## CONSTRUCTION PROJECT UPDATE

From February 3rd- February 10th, the majority of the work is winding down. Due to the weather forecast, it will effect the rest of the weeks schedule. Cook Engineering plans on striping and doing some minor paving work once the weather clears up.

PG&E is scheduled to set the gas meter for the fire pit this week and Cook Engineering will begin calibrating the fire pit. The official lighting will occur during the ribbon cutting event.

The landscaping work continues with the rock for the bio-swales and the final set of planter pots to arrive on Thursday, February 4th and the majority of landscape work will be completed next week. Once the weather warms up, Cook Engineering will finish coloring the concrete in the central portion of the plaza area.

Please remember that businesses are open during construction and there is public parking located on Lincoln Way near Elder's, near Depoe Bay and off E. Placer St.
